Rest Api integration

JWT authentication

Formik

Educational Background

- **LBS CENTRE FOR SCIENCE AND TECHNOLOGY**
Pg Diploma In Computer Application
- **UNIVERSITY OF CALICUT**
Bsc Physics with Computer Application and Mathematics

PROJECTS

Gold Scheme Managment Kit

- Led the frontend development for a comprehensive SaaS application, including a user-friendly admin dashboard
- Focused on optimizing frontend performance and scalability to accommodate a growing user base.
- These dashboards serve as comprehensive tools allowing easy management of gold schemes.

Keralamarry

- Developed and maintained the admin control panel for the Keralamarry Matrimonial App using ReactJS, ensuring a user-friendly and efficient interface
- Implemented essential features and functionalities in the admin panel, contributing to enhanced user management, data organization, and overall system control.

Course Certificate Generator

- Developed an admin dashboard for managing student certificates with comprehensive CRUD operations.
- Utilized Redux for efficient state management, enabling seamless data handling and real-time updates.
- Collaborated on the development of the backend API using Django Rest framework
